Your protective cover for air freight: Goods in transit insurance with O.T.S. ASTRACON

The statutory liability conditions of air freight forwarders offer only limited protection, both in terms of amount and scope. In the event of damage or loss, often only a fraction of the value of the goods is covered.

Why goods in transit insurance makes sense

With goods in transit insurance, you can fully insure your shipments regardless of the carrier's liability – from start to finish, worldwide.

Your advantages at a glance

- ✓ All-risk insurance – protection regardless of the liability of the carrier
- ✓ Individually customizable – even for special requirements such as financial losses
- ✓ Affordable, risk-based rates
- ✓ Fast and hassle-free processing in the event of a claim
- ✓ Reduced burden of proof – no proof of liability required
- ✓ Reimbursement of the full insured value in the event of a claim
- ✓ Minimal administrative effort – no knowledge of liability law required
- ✓ Optional: additional coverage for trade fairs, temporary storage, and much more

Optimized for air freight shipments worldwide

Goods in transit insurance with O.T.S. ASTRACON is tailored to the special requirements of air freight logistics – including time-critical transports, high-value goods, and international transport chains.

**Safe. Reliable.
Worldwide.**

What is insured?

- ✓ Damage to the insured goods in transit (e.g., due to breakage, moisture, loss, theft)
- ✓ Expenses incurred to prevent and minimize damage
- ✓ Costs for damage assessment, salvage, disposal, and reloading
- ✓ Additional costs for storage or transport as a result of an insured risk – up to 100,000 €
- ✓ Express, urgent or air freight costs as a result of insured damage – up to 50,000 €
- ✓ Special costs for work on Sundays, at night or on public holidays – up to 50,000 €

How long does the insurance cover last?

- ✓ Door-to-door – including loading and unloading

What is not covered?

- ✗ Delays without damage to property
- ✗ Natural spoilage, shrinkage, normal humidity
- ✗ Inappropriate packaging or improper loading
- ✗ Confiscation, seizure, or other interventions by public authorities
- ✗ War, war-like events, strikes, terrorism, or nuclear energy (excluded)
